Hepatitis B Declination Form

(only to be used if declining vaccine)

In accordance with OSHA requirements, employers must make hepatitis B vaccinations available at no cost to employees who have an occupational exposure to the hepatitis B virus (HBV). If a practitioner declines to be vaccinated against HBV, he/she must submit a signed declination agreement from his/her employer. Please contact Occupational Safety & Health Administration for additional information.

Waiver of Hepatitis B Vaccine

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me.
